

St. David's Survey for the 11:30 a.m. Worship Service in the Historic Church

**Please return your completed survey to an usher
on your way out of the service. Thanks.**

With our move back into the Historic Church, we continued the service at 11:30 a.m. – for the start time and for the blended, special music and liturgy. Since Bethell Hall and the Historic Church are such different worship spaces, we knew this style of worship would feel different, as well. Now that we have been back in the Historic Church for a few weeks, we ask that you please take a few moments to complete the following questions about this service. We value your input and look forward to reading your responses.

Thank you for taking the time to complete this survey. We will compile, study, and discuss the results to determine if changes are to be made to the 11:30 a.m. service and what those will be, and we will communicate the outcome to the parish.
