## Ways to Help Our Neighbor Handout

### **Project: 'Go and Do Likewise'**

**Contact Person: Rebecca Hall ([Rebecca.H@stdave.org](mailto:Rebecca.H@stdave.org))**

Immigrant families fleeing violence, oppression, extreme poverty, and natural disasters are flooding into Austin, and many of them land at Casa Marianella - which for 33 years has provided temporary shelter and hospitality to refugees. Casa's beds are full, the floors are full (even the laundry room floor), and yet people still arrive needing shelter.

Casa needs organizations in Austin to sponsor families and help them get settled in Austin. This sounds like a daunting task if we had to do it alone, or with just a few other dedicated people. But, what if many of us at St. David's got together to sponsor just one family - many of us giving time, resources, and Christian hospitality each according to our ability and circumstance? That would seem less daunting - if we could do it together.

If you are interested in being on that sort of team, or want more information on what it would involve, email Rebecca Hall.
